Part B for

SUBJECT.

Construction of a dead house at Doddaballapur

W D 88—GPB—50,000—24-7-18

About Compound wall to
the Dead House of Civil Dispensary
at Doddballapur town

This correspondence arose
on the Exe. Engr preparing an
estimate for the Compound wall
for Rs 341 and asking the Dy Commr
for the 1/3rd Municipal share of
the cost.

The Municipal Bd of the town declined
to pay any thing on the ground that the
work was not necessary and that the
dead house shd be removed from
within the town to a place outside
The Dist Fund Bd however thought that
the dead house might be in the
town and the Dy Commr concurred
with the Dist Fund Bd & recommended
that the resolution of the Munl Bd should
be overruled.

Dist Fund Bds were not hitherto
paying any portion of the cost of Dispensary
buildings and it was is only from
the year 1894-5 that Dist Funds
have been ordered to pay 1/3 or 1/2
cost according as the dispensary is
within or outside Munl towns
vide Govt Nos. 7041-53 & 7117-93
dd 16th Oct 1893

Therefore at the time when the
Dy Commr consulted the Dist Fund
Bd in this matter it had strictly
speaking no voice A reply
was sent to the Dy Commr asking him

to pay consideration to the wishes of the Muni. Bd and get that Bd. to point out another locality.

They accordingly selected a locality and the Dy Comm^r on inspecting it personally reported that he had no objection to it.

In reply he was asked to state whether the new site selected was within or outside Muni. limits and whether the estimate required revision in consequence of the change of site.

The Dy Comm^r reports that the site is beyond Muni limits & that the estimate requires revision. In reply to a further enquiry, he states that the Municipality is willing to pay a Contribution of 100 Rs & points out the Budget head from which it can be met.

All this correspondence being about the Compound wall it is not clear whether the Dead House itself has already been built and if so, whether inside or outside the Muni limits. Probably if a substantial permanent building had been built in the town the Dy Comm^r would not have selected a site outside.

The site being outside Muni limits, the question is whether the Municipality cannot be made to pay any portion of the cost, as the Govt order of 16 Oct^r 93 says "In the case of dispensaries not situate in Muni towns, such cost will be divided equally between Dis^t and Prov^l funds".

It is true that the Dispensary itself is not in question

is within the Municipality
whereas its dead house is
proposed to be put outside

These dead houses attached
to Local Fund Dispensaries
are the places ~~to~~ where ~~bodies~~
dead bodies ~~in cases of~~ are sent
up by the Police in Suspicious
cases ~~xxx~~ and where they
are dissected and examined
by the Hospital Assistants.

It therefore appears to me
that ~~these are~~ buildings purely
intended ~~to meet~~ ~~Requirements~~ meeting the needs
of Law and Justice
the needs of ~~Public~~
and that the cost of such
buildings which are always
constructed quite detached,
and sufficiently far, from
the Dispensaries should
on principle, be entirely
met from Provincial Funds

The Govt. order of 16th
Oct. 93 deals with Dispensaries
proper. In case of dead
houses being quite different
for the reason above stated
an order has to be passed

Submitted
30-4-94

In regard to the first reason it may be remarked that as no member of the Local Fund Board is a resident of Dodda ballapur, the Opinion of the Board has no intrinsic value & the Dr Comr has made a mistake in consulting them the Board as the Board does not contribute any portion of the Cost, as the remaining 2/3 comes from Provincial or District funds. Under the recent order of Govt under which the Cost of medical buildings shd come in equal shares from municipal Local, and Provincial Funds Comes into operation only from 1st July 1894 Under these circumstances the feelings of the municipal population in a matter which strongly appeals to human emotions should I venture to submit be respected and not overruled by Govt.

Dated 16/10

The Dy Comr is requested to report, whether the municipal Bd or the Local Board and any locality for the dead house, and so whether there is any objection to the site pointed out by them. In a matter like the one under consideration, the wishes of the municipality deserve consideration.

16

Note

The executive Engineer sent up a proposal to the Dr Commr of Bangalore requesting the latter to debit the municipality of Doddaballapur with $\frac{1}{3}$ cost of a Compound wall to be erected in Connexion with a dead-house within municipal limits. The Doddaballapur municipal Board decline to pay as they dont want a dead-house near their houses, but want it to be removed outside the town. Apart from the natural feeling of repulsion against the proximity of a dead-house the Board is also right from a sanitary point of view. The Dr Commr suggests that the Board be overruled by Govt on the grounds (1) that the Dt Fund Board which has to contribute the larger portion of the cost sees no objection and (2) that the dead-house site is not closely surrounded by houses."

D. No. 488
Enclosure Dated 14th October 1893.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to submit that an estimate amounting to Rs. 341/. for constructing a compound wall for the dead house attached to the Civil Dispensary at Dodda Ballapur was prepared by the Public Works Department and the Executive Engineer in his No. 3943/1339 dated 11th Ultimo copy of which is herein enclosed, Requested me to credit his Department with the usual contribution of 1/3rd of the cost debitable to the Municipal Funds.

2. I consulted the Municipal Board. They decline to pay any contribution, urging that the work is unnecessary, as the dead house

itself should be removed from
within the Town to a place outside
3 As the District Board's share
in the cost is larger, I have obtained
their opinion also. They think there
can be no objection to the present
situation of the Dead-House. The
place is not closely surrounded
by houses. I am inclined to agree
with the District Board and beg
to recommend that the Government
should over rule the Municipality
and allot the funds from the
balance in favor of it.

I have the honor to be

Sir,

Your most Obedient Servant.

Furnishing the information as regards the subjects Nos 345 364 408 brought up for discussion at the last Dasara Representative Assembly meeting

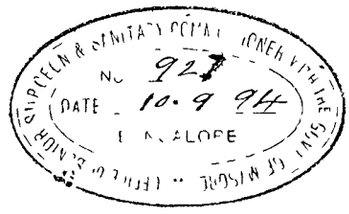
Noted
ewl 280-93
RC 11

The reply of the Senior Surgeon in respect of subject No 364 shows that the site for the Dead-house was selected by the Asst. C the Mc. members of Doddaballapur and is nearly 400 yards removed from any inhabited house. & dead bodies are taken to the Dead house without passing through any inhabited portion of the town. The S. Surgeon thinks the representation groundless.

Submit for information of the Chief Secy with reference to the Dewans reply, who sees as follows.

"The objection is reasonable & Redress will be granted."

R 12/9



To

The Chief Secretary to the
Government of Mysore
Bangalore

Sir,

With reference to your letter No. 3149-57 of 197
22nd August 1894 I have the honor to state as
follows.-

Subject No 345: There are now separate
midwives in Closepett and Channapatna

Subject No 364. In January 1890 I in
conjunction with the then Amildar and others
selected the site for the dead house at Doddaballapur.

It is situated outside the town, with no
house nearer than 400 yards to it, and Consequently
I cannot understand, if ordinary care is
taken in bringing and removing dead bodies
from there how it could constitute a nuisance
warranting a representation at the Dussarah
assembly regarding it.

Bodies can be brought to the dead house
without passing through an inhabited portion
of the town.

I enclose a letter from the Hospl Assistant

at

at Doddaballapur on the subject, and a rough plan showing the position of the dead house and the nearest inhabited house to it

Subject No 408. I sent during the past year five Midwives to the Deputy Commissioner of Mysore for employment in the district, and ~~that~~ these were posted to other talugs. One has lately been sent to the Officer in Charge of the French Rocks Sub Division with a recommendation that she may be posted to Nagamangal and ~~that~~ two others have been posted to two other talugs in the Sub Division during the year.

It is only a matter of a little time to have all the talugs and Sub talugs in the Province supplied with Midwives, and some must necessarily be last

I have the honor to be

Sir

Your most obedient Servant

J. Sprue

Brigade Surgeon-Lt Colonel
Offg. Surgeon General with the Govt of Madras Govt.

Enclosures two.

To

The Senior Surgeon & Sanitary Commissioner with the Govt. of Mysore
Bangalore

Sir

With reference to your No 819 of 29.8.94, I beg to submit herewith a rough sketch of the dead house therein called for and beg to state, that the dead house is situated at a distance of 300 yards to the east of the Dispensary and the nearest inhabited house is about 400 yards away from it. There are two roads by which bodies can be brought in (one road from the north & the other from the south) from the Mofussil without passing through an inhabited part of the town.

I beg to add that the site in question was approved by yourself as per the enclosed extract from the visitors book of this Dispensary.

I beg to remain, Sir
Your most obedient servant
[illegible]
Hospital assistant
In charge L. F. Dispensary
Doddballapur.

Extract from the visitors book

Inspected the dispensary & found everything in capital order The new dispensary building has been in occupation since the 27th of last. The dead house remains to be Constructed and it must be located some distance off & not in the Compound of the Dispensary. The site selected by the Amildar and Municipal members seems a good one.
